Rules of canoe allocation

- ** Allocations have been done for the OC6 SQ Zone series and are final
- ** Those teams that need to source there own canoe have a budget of \$50 which the club will pay a hire fee towards if required. Any additional cost comes at the cost of the crew
- ** If a canoe is out of roation due to repair the Mirage 543 is to be used instead
- ** If a crew decides not to race in the upcoming regatta that allocated canoe is then offered to the team below them and so on.
- ** If your crew decides not to race that does not change the canoe allocation roster.
- ** Canoe Allocations are allocated to that coach for that division and have final say in what team races in what canoe.
- ** If you require to source your own canoe you do not pay a \$5 towing fee.
